

## Recipe for a poem

1. Choose a subject that is interesting or funny or gives you a good feeling.
2. Prepare a good structure. (For example, use couplets and a repeating pattern; consider the length.)
3. Perhaps add a spoonful of rhymes.
4. Add a big handful of describing words.
5. Put them all into a big pot of ideas.
6. Stir with your pencil.
7. Out comes a delightful poem!
