# ACTIVITY WISHLIST

**Dear Book Fair Organiser,**

Use this activity wishlist as part of class browsing sessions to get children exploring the books on the cases and choosing their favourites.

- Give one sheet to every child. If you need more, download at [bookfairs.scholastic.co.uk](http://bookfairs.scholastic.co.uk)
- Encourage children to hunt for the pictured books and to complete the activities. It's best for them to take turns doing this as there can be a lot of excitement at the bookcases!
- Ask children to fill in the wishlist with their favourite books and to take home to parents afterwards.

## DID YOU KNOW? GARDEN FACTS

- In one day, a worm can eat its own weight in organic waste and soil and then excrete it all out again in worm casts!
- Most oak trees don't grow acorns until they are at least 50 years old. If you have planted an acorn to grow into a tree, how old will you be before you can plant its acorns?
- The first known garden hose, dating from around 400BC, was made of ox gut!
