

BEARS BEWARE QUIZ!

Bears BEWARE! quiz

North American bears are ferocious. The black bear grows three times heavier than a man ... and then there's the really BIG bears. A grizzly bear once bit an Alaskan hunter's head in half and that's after the bear had been shot through the heart. It must have been a grizzly sight.

Here's a list of bear safety instructions. All you have to do is sort them into DOs and DON'Ts.

Bear safety instructions

- Check your answers.
- Now choose one of these animals and write safety instructions for it.

Lion Eagle Fox Elephant Shark

- Challenge your partner to sort out your instructions into DOs and DON'Ts.
