

Book Fair Goal Chart

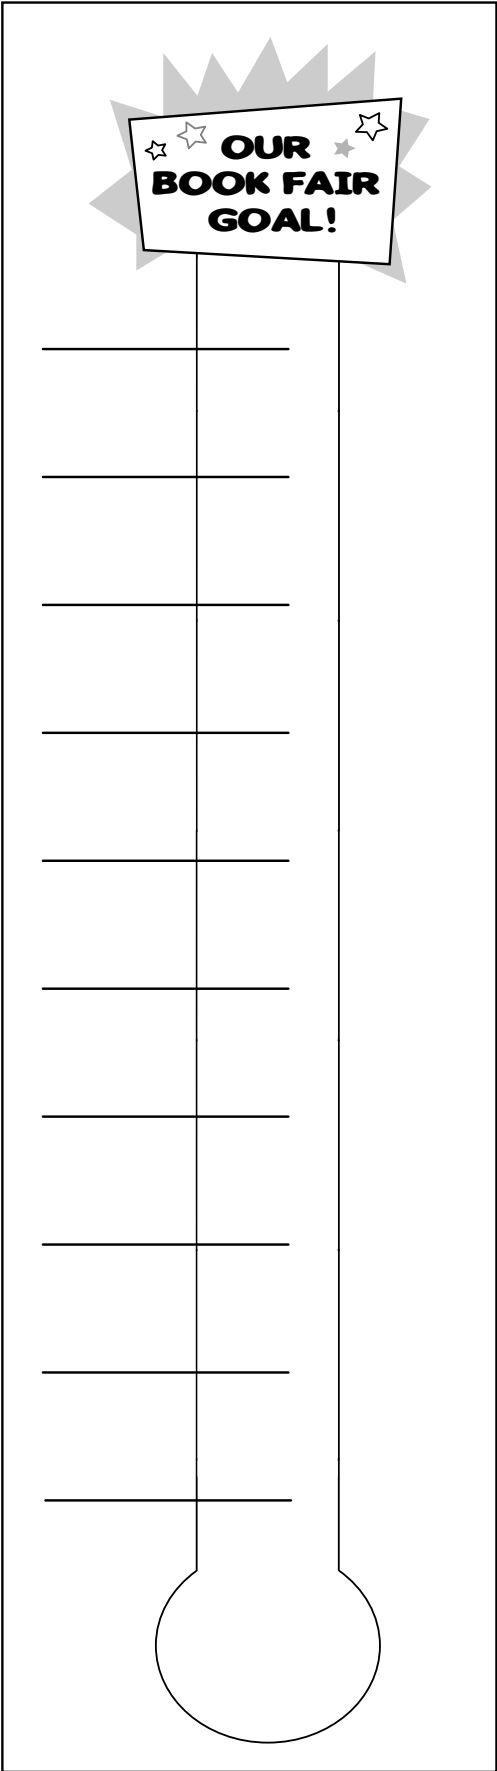

Set a goal, track your success and celebrate!

Engage children, parents and teachers by setting a goal for your Book Fair and tracking your progress towards it.

You could increase the excitement by offering incentives as each stage is met – a classroom treat perhaps or a fun activity performed by a teacher such as wearing fancy dress for a day!

Instructions:

1. Tape the pages together so that the chart looks like this image.
2. Write in your Book Fair goal, in increments, on the lines next to the chart (e.g. £400, £500, £600; €400, €500, €600; or 50 books, 100 books, 150 books, etc.)
3. Display the goal chart near your Book Fair where children, parents and teachers can see it.
4. Colour in segments of the chart as you advance towards your goal.
5. Celebrate once your goal is achieved!
