Reading for pleasure at home

Making a habit of reading together is a great way for kids and parents to share favourite books and spend time together. Research shows that children who read regularly get ahead in school and perform better across all subjects.

5 top tips for reading at home

1. Make time to sit down and read - you'll soon find that you don't want to stop!
2. Pick a comfortable place for reading together.
3. Let children choose a book that really interests them.
4. Older brothers and sisters can read to younger children. It's good fun and lets everyone practise!
5. Keep favourite books around. Re-reading a familiar story will help to build confidence.

Just have fun!

Is it too easy? Is it too hard? Try the 5 Finger Test!

1. Open a book at a page with lots of words.
2. Put your fingers down on the open page and read the five words where the tips of your fingers land.
3. If you can read all the words easily, that's great! This book shouldn't be too hard.
4. If you find most of the words tricky to read, try another book for now. Good luck!

COMPETITION WIN A CAMERA!

NAME THAT DOG!

The Scholastic dog is having great fun on his Safari holiday. Now he wants to play a game with you! Can you guess his name? The first person to guess his name correctly will win a digital camera!

How to enter...
