## Some prompt questions/points to think about

These questions/prompts may be raised before writing the letters or afterwards in a discussion of the views expressed in the children's letters. Some may make good headings/questions on a display of the children's letters.

- How might these items harm or hurt others?
- Who might be harmed or hurt by these items?
- How can accidents often be prevented?
- What do we need to think about if we are to find a way to keep them safely? For example, where and how the items are used, who will use them, who might misuse them?
- Where would the safest place be for each of these items?

Dear Class

I am keeping the Seven Dwarves' house tidy and clean. I need to put things, including all the cleaning products, in a safe place. Please write and suggest where I can put the:

- medicine
- bleach for the toilet
- bath cleaning gel
- razors (for shaving)
- kitchen knives.

Thank you
