

# DESIGN YOUR OWN LONG ARM BOOKMARK!

Simply follow these steps:

- 1) Decorate the two boxes below, which will form the front and back of your bookmark. Why not draw a picture of Long Arm or one of the other characters and colour it in?
- 2) Cut around the dotted line. Make sure you ask an adult for help with this part.
- 3) Fold in half and glue together.
- 4) Pop in your book so you don't lose your place!
