

# Crack that code!

It's wartime Britain and you've got a secret code to crack.

Many different codes were used during the war. Some were easy to work out. Others were more difficult. This message is written in a well-known code that is sometimes called 'pig pen' code. Can you work out what the message says? (If you get really stuck the code is deciphered for you at the bottom of the page.)

A	B	C	J.	K.	L.	S	W
D	E	F	M.	N.	O.	T	X
G	H	I	P.	Q.	R.	U	Y
						V	Z

For example: A = K = U = Z =
