

How Animals Communicate

Name: _____

Conjunctions such as *but*, *where*, *and*, *when* and *as* connect the ideas in a sentence. Rewrite the following short sentences as one long sentence, using one of the conjunctions in the box.

so when if because where as until

Some animals communicate by sound. Noise can travel very quickly over long distances.

A guard dog uses powerful signals, such as snarling angrily or barking loudly. It detects an intruder nearby.

Labradors make excellent guide dogs. They are gentle animals.

Visual signals such as these have more impact. A predator or mate is nearby.

When a new source of food is found, the bee returns to the hive. She performs an extraordinary dance on the side of the honeycomb.

A lot of fighting occurs among the males. They attempt to protect their territories.

How Animals Communicate

Name: _____
