## About this pack

This pack provides you with termly assessments to help support children with end-of-year tests and to assess which skills need further development. The pack consists of this introductory booklet (including mark schemes) and three tests covering a wide range of content taken from the Key Stage 2 Programme of Study. A reading booklet and answer booklet are provided for each paper.

## Using the termly assessment tests

The tests in this pack can be used as you would any other assessment materials. The children will need to be familiar with specific test-focused skills, such as reading carefully, leaving questions until the end if they seem too difficult, working at a suitable pace and checking through their work.

The tests require a lot of work to be done in 1 hour as they are testing the degree of competence children have – it is not enough to be able to answer questions correctly but slowly.

## About the tests

Each Reading test consists of texts covering different genres and contains 50 marks. Each test lasts for 1 hour, including reading time.

- Reading booklet: children may underline, highlight or make notes.
- Answer booklet: children should refer back to the reading booklet for their answers.

The marks available for each question are shown in the answer booklet next to each question and are also shown next to each answer in the mark scheme. Incorrect answers do not get a mark and no half marks should be given.

There are three different types of answer.

- **Selected answers:** children may be required to choose an option from a list; draw lines to match answers; or tick a correct answer. Usually 1 mark will be awarded.
- **Short answers:** children will need to write a phrase or use information from the text. Usually 1–2 marks will be awarded.
- **Several line answers:** children will need to write a sentence or two. Usually 1–2 marks will be awarded.
- **Longer answers:** children will usually need to write more than one sentence using information from the text. Up to 3 marks will be awarded.

## Marking and assessing the papers

The mark schemes and answers are located next in this booklet.

The mark schemes provide detailed examples of correct answers (although other variations/phrasings are often acceptable) and an explanation about what the answer should contain to be awarded a mark or marks.

Although the mark scheme sometimes contains alternative suggestions for correct answers, some children may find other ways of expressing a correct answer. When marking these tests, exercise judgement when assessing the accuracy or relevance of an answer and give credit for correct responses.

### Marks table

At the back of each booklet there is a table for you to insert the number of marks achieved for each question. This will enable you to see which areas each child needs to practise further.

### National Standard in Reading

The mark that each child gets in the test paper will be known as the 'raw score' (for example, '37' in 37/50). The raw score will be converted to a scaled score and children achieving a scaled score of 100 or more will achieve the National Standard in that subject. These 'scaled scores' enable results to be reported consistently year-on-year.

The guidance in the table below shows the marks that children need to achieve to reach the National Standard. This should be treated as a guide only, as the number of marks may vary. You can also find up-to-date information about scaled scores on our website:
