

Name: _____

- 1 A noun is a 'thing' and a verb is a 'doing word'. For sentences to make sense, there must be 'noun and verb agreement'. For example, *The boys was at school* does not make sense because the noun (boys) and verb (was) do not agree. Circle the correct word so that there is noun and verb agreement in the following sentences.
 - a The phonograph **was/were** the first machine to record sound and play it back again.
 - b The fragile gramophone discs **was/were** made of shellac and **was/were** easily broken.
 - c In the 1930s, thin plastic recording tape **was/were** invented.
 - d Vinyl records **is/are** played on a turntable.
 - e CDs **is/are** made from hard-wearing materials that don't get scratched or worn out like vinyl records.

- 2 Cut out the illustrations below and paste them in order. Write one sentence in the caption box beneath each to explain what is happening.

Name: _____

- 1 The following words all contain the long 'u' sound. Underline the letters that make the long 'u' sound and then sort them into the correct boxes below.

<i>reviews</i>	<i>music</i>	<i>computer</i>	<i>studio</i>	<i>musical</i>
