We Are Writers!

An introduction by Francesca Simon

I've been writing stories since I was eight. My first stories were all based on fairy tales and, I'm sorry to say, I was very lazy about finishing them, so I have notebooks where stories end mid-adventure, or even mid-sentence.

Had I ever imagined that my story could appear in a real book I know I would have tried harder to finish. But I always dreamed of being a writer, and I'll never forget the moment I saw my first story published, in a real book I could keep forever.

I get so many lovely stories from children, and it's wonderful to know that thanks to We Are Writers they will have a chance to see their work in print too. And I know for sure that Horrid Henry would do anything to see his 'Skeleton Skunk Meets Terminator Gladiator' story in a book, so good luck and happy writing!
