Name: _____

Underline the time words in each sentence.

Last weekend,
Grandpa took me to a car show.

As soon as we arrived, Grandpa and I
went to look at the really old cars.

After that, Grandpa took me to see the hot rods.

Then, we went to look at a big hot rod
with flames painted on the side.

After lunch, Grandpa and I went to the racetrack
to watch the racing cars zoom by.

Later, the racing-car drivers parked their cars
by the track.

A short time later, Grandpa and I left the car show.
