

Making a Clown Piñata

Name: _____

Number the steps in the game in their correct order.

Tie the blindfold around the first player's eyes.	
Show the players where to line up. The line needs to be in a safe place so no one gets hurt with the stick.	
Then, stand well back from the player.	
Hang the piñata up, before the party starts. Ask an adult to help you.	
Take the player close to the piñata and give them the stick.	
Put the piñata in a place where players can reach it with the stick.	
Give the player two turns. If they do not open the piñata, the next player has two turns.	
Take the blindfold off the player when the piñata opens and the lollies fall out. Everyone can pick up the lollies and eat them!	
Ask the player to try to hit the piñata. They must try to open it with the stick.	

Making a Clown Piñata

Name: _____

Draw a design for the face of your own clown piñata.
Include your choice of hair and face paint colours.
