

Making and Using a Rain Gauge

Guided Reading Planner

Name: _____

Write the missing steps in the procedure for *Making the Rain Gauge*.

Try to use your own words.

1. Take the tops off the bottles.

2. _____

3. Peel the labels off the bottles.

4. Make a mark on the smaller bottle,
about one quarter of the way from the top.

5. _____

6. _____

7. Ask an adult to fold the tape over the cut edges
of the two parts of the bottle, for safety.

8. Turn the top part of the bottle upside-down
and put it inside the bottom part, to make a funnel.

9. _____

Making and Using a Rain Gauge

Name: _____

Number the pictures in *Using Your Rain Gauge* in the correct order.

Making and Using a Rain Gauge

Guided Reading Planner

Name: _____
