

National and global energy resources

State one advantage and one disadvantage that wind power has compared to power from burning fossil fuels. (2 marks, ★★★)

.....

.....

.....

NAILIT!

Make sure you can explain the advantages and disadvantages of different ways of generating energy. Remember to go into detail. Don't say 'wind energy is free'. Say 'once the initial investment and maintenance is covered, it is free'. Don't say 'tidal energy doesn't cause pollution'. Say 'tidal energy does not emit greenhouse gases, so it doesn't contribute to climate change'.
